HOMEWORK POLICY – YEAR 3

This policy reflects the ethos of Loreto Convent School and has been compiled and reviewed with the involvement of children, staff and Governors.

Introduction

Homework is anything that children do outside the normal school day, that contributes to their learning in response to guidance from the school. Homework encompasses a whole variety of activities instigated by teachers and parents to support children's learning and encourage independent study skills.

Homework plays a positive role in raising a child's level of attainment. Loreto Convent School also acknowledges the important role of play and free time in a child's growth and development. While homework is important, it should not prevent children from taking part in the wide range of out-of-school clubs and organisations that play an important part in the lives of many children.
